ARRIVAL AND DEPARTURE

An adult must accompany the children at arrival and departure times. We require that parents check in at the front desk for the departure of their child in order to sign them out and to ensure the safety of all children. Only those persons authorized by the parents can pick up the children; in this case, individuals may be required to show proof of identification upon arrival. We ask that the child arrive at the Centre by 9:00 to ensure that they benefit from all the program has to offer, and to ensure they do not miss out on any of the educational activities. We understand that children may have appointments or you may have a busy morning, please ensure you call to report if your child will be late or report your child's absence.

ACTIVITIES

Educational activities within the program are varied in order to respect the needs, interests and individuality of each child. During free play, activities such as crafts, dramatic play, reading, outdoor play and cognitive activities as well as special programming such as cooking will be provided. Such activities may also include neighborhood walks.

HEALTH

1. Nutrition and diet

A nutritious morning snack, lunch as well as an afternoon snack is provided daily. The menus are posted in the Centre four weeks in advance. If, for some reason, your child cannot eat certain foods, please discuss this with the Director so that alternatives can be provided for your child. If your child is required to eat certain foods for medical reasons, the Centre may require that parents supply these foods. Our menus follow the Health Canada Food Guide.

2. Allergies

In order to decrease the risks of allergic reactions, the Monkey Around Play & Learn Centre will be a nut and peanut SAFE environment. It is strictly forbidden to bring any food or drink (juice boxes included) into the Monkey Around Play & Learn Centre. (Exceptions will be made if your child is required to eat certain foods for medical reasons. If this is the case, please speak to the Director.)

At the time of registration, it is the parent's responsibility to outline any known allergies in the health section of the registration form. All pertinent details must be described, such as: the name of the allergens, the child's symptoms in case of a reaction, how to prevent exposure to the allergens, steps to be taken in case of a reaction, and the name of any prescription medications. The parent is responsible to update this information with the daycare administration as needed.

If a child has a severe allergy and requires an EpiPen, the parents must provide an EpiPen to the Director of the Monkey Around Play & Learn Centre, along with detailed instructions for its use and sign the appropriate form, "Administration of medication". It is the parent's responsibility to ensure that the EpiPen is not expired.

A list of the children who have allergies will be posted in strategic areas (office, kitchen, and classrooms). The list must include the name of each child, the type of allergy, and the specific treatment plan in case of a reaction.

As an additional precaution, it is very important to make sure that children who have eaten peanut butter or other products containing nuts, wash their face and hands before entering the Centre.

3. Diapers

Parents must provide diapers and wipes for their child.

4. Outdoor Activities

As per the Child Care Early Years Act, we are mandated to provide two hours of outdoor activities per day. Please ensure that your child is dressed appropriately for the weather. There may be occasions where the children go for walks to nearby parks and stores. If such a walking trip is planned, parents will be notified by the children's educators in advance.

If your child is too sick for outdoor play, they are too sick to be in the Centre.

5. Naptime

If your child is under the age of 18 months and requires 2 or more naps a day, they are permitted to sleep when needed or/and as per the request of the parent.

Children between the ages of 18 months and five years shall have a daily rest period of two (2) hours or less. A child who is unable to sleep shall not be kept in bed longer than one hour without a quiet activity and shall be allowed to engage in a quiet play activity off of their bed after the first hour (e.g., table top toys, felt stories).

Each child two and a half (2.5) years of age and older that is in attendance for six hours or more in a day:

- Has a rest period not exceeding two hours in length. A child in a licensed toddler or preschool group or Kindergarten group is permitted to sleep, rest or engage in quiet activities based on the child's needs. (CCEYA 47.2b)
- Rest should not be of such duration that normal sleep patterns at home are disrupted.
- More mature children do not sleep in the afternoon. An hour-long rest is sufficient to provide quiet relaxation. Beyond this length of time, children who remain awake should be provided with quiet, supervised activity.

Visual Sleep Checks:

All employees will periodically perform direct visual checks of sleeping children by being physically present and checking for indicators of distress or unusual behaviours, including but not limited to lack of breathing, changes in temperature, and changes in color. Sleep sacks blankets, and sleep aids will also be kept clear of the children's faces and airways.

Employees will also ensure that children 12 months and younger are placed in for sleep in a manner consistent with the Joint Statement of Safe sleep.

All employees will also ensure that there is sufficient lighting in the sleep room or area to conduct the direct visual checks.

The visual checks will be performed at least 3 times during the rest period, unless a parent requests more frequent checks. The checks will be performed no more than 40 minutes apart. Times will be recorded, and initialed on the Weekly Visual Sleep Check forms by the staff member doing the check. Any comments or observations will be made on the sheet, and initialed by staff.

6. Sick children

- a. Children must be healthy in order to fully participate in the activities of the Centre, including outdoor activities.
- b. A child with the following symptoms will not be permitted to attend the Centre: fever, skin eruptions, diarrhea, vomiting, or communicable disease.
- c. If a child exhibits any of these symptoms while at the Centre, staff will contact parents to arrange immediate pickup and will isolate the child until their arrival.
- d. Depending on the severity of the illness, staff may require a doctor's certificate in order for a child to re-enter the program.
- e. Parents must notify the Centre immediately when a child is diagnosed with a contagious illness.

7. Medication

- a. With parent's written authorization, staff may administer physician prescribed medication, in accordance with the *Child Care and Early Years Act*. Please note that we will not administer any type of acetaminophen or ibuprofen to a child.
- b. Staff is not authorized to administer medications that are not prescribed.
- c. Medication must be presented in its original container bearing the name of the child, the name of the medication, the dosage, the date of purchase and all storage requirements.
- d. Parents are responsible for verifying expiration dates on prescriptions, as staff is not authorized to administer medication that has an expired date.

8. Fever Policy

FEVER is a common symptom of illness in daycare aged children. In children, most fevers are caused by infectious agents. Unfortunately, the degree (or height) of a fever does not tell you how serious the child's illness is. A child with a mild infection can have a high fever, while a child with a severe infection might have no fever at all. Many children with fevers have viruses that may be contagious to the other children in the Centre. Teachers at the daycare are faced with children with fevers many days and parents have varied responses to being called to pick up their children. The teachers and Director cannot be responsible for diagnosing the severity or contagiousness of child's illness, and guidelines are needed as to what to do with a child that has a fever.

Objective:

To create formal guidelines as to when a parent needs to pick up their child.

Definition:

TABLE 1: Normal temperature ranges (Ottawa Public Health)

At the *Monkey Around Play & Learn Centre*, temperature is measured by the Axillary (under the armpit) method. And any temperature over 37.5 ° Celsius or 99.5 ° Fahrenheit is considered a fever and the parents will be contacted.

Guidelines:

- The Centre will notify a parent if their child has a fever (above the normal temperature range of or 37.5° Celsius or 99.5° Fahrenheit).
- The parent and/or designated person must pick up the child as soon as possible, within 1-2 hours maximum, if the child:
 - is not able to participate in the activities of the Centre
 - is excessively cranky, fussy or irritable
 - is excessively sleepy, or lethargic
 - is persistently wheezing or coughing
 - has a fever and a rash
 - diarrhea or vomiting
 - eye discharge
 - has a fever and any other signs of illness that worry the caregivers
 - has an axillary temperature of higher than 37.5° Celsius (99.5° Fahrenheit)
 - refuses fluids or seems too ill to drink adequately
- The child should not return to the Centre until they have been free of fever for 24 hours and also fever free without any medication for 24 hours that could reduce their temperature [i.e., acetaminophen (Tylenol, Tempra) or Ibuprofen (Motrin, Advil)] and free of any of the points above. Except in rare circumstances, it is unacceptable to give your child one of these medications in the morning prior to sending the child to Centre. Depending on the severity of the illness, staff may require a doctor's note in order for a child to re-enter the program.
- In the event that the teacher and Director feel that the child's condition is serious, the staff at the *Monkey Around Play & Learn Centre* have the right to call 911 for transportation of the child to the hospital. Every attempt will be made to contact the parents or other emergency contact designates prior to this call.

9. Communicable Diseases outbreak

Monkey Around Play & Learn Centre follows the Ottawa Public Health guidelines pertaining to absences required when the children are ill. These Guidelines are found on the Ottawa Public Health Website at <http://ottawa.ca/en/residents/public-health/outbreak-management>.

STAFFING

At least one teacher per room within the Centre is a fully qualified Early Childhood Educator or is recognized by the Ministry of Education as having the necessary qualification. Where students and volunteers are present, they do not count as part of the ratio, and will never be left in the room with the children without staff supervision.

LANGUAGE

The main languages of service and care are English and French. The Educators will attempt to address each child in the Guardian's choice of official language (English or French).

RATIOS

Ratios are dictated by the *Child care Early Years Act* and are as follows:

- 3 infants: 1 Early Childhood Educator (maximum of 10 children per group)
- 5 toddlers: 1 Early Childhood Educator (maximum of 15 children per group)
- 8 preschoolers: 1 Early Childhood Educator (maximum 24 children per group)

CHILDREN WITH SPECIAL NEEDS

Children with special needs are welcome at the **Monkey Around Play & Learn Centre** provided that mutually satisfactory arrangements can be made to meet their needs. The policy is that each individual case should be reviewed before registration so that special arrangements can be made, if necessary. In cases where special needs are identified after registration, the parents should meet with the Director and staff to discuss the situation and find reasonable solutions. We must ensure that the child's needs are met while also ensuring that the needs of the other children in the classroom can also be met. When appropriate, **Monkey Around Play & Learn Centre** may refer parents to specialized services or other resources available to help meet the special needs of their child. Please speak to the Director if your child has any special needs.

LATE PICK-UP FEES

Late fees will be charged in the case of pickup after 6:00 p.m. A second incident will lead to a written reminder. If the late pick-up continues, a meeting will be set with the Director and if the problem persists, it could lead to the child being removed from the Centre.

Fees are:

- \$10.00 1-15 minutes
- \$15.00 16-30 minutes
- \$25.00 31-45 minutes
- \$45.00 46-60 minutes

TAX RECEIPTS

Tax receipts will be provided to parents no later than February 28th of each year. A duplicate receipt will be provided to parents at a cost of \$10 with 10 working days' notice.

FIRE DRILL

The Centre conducts a fire drill monthly to familiarize the children with the proper escape procedures. All drills are documented.

LOCKDOWN

A lockdown is an emergency situation which prevents the safe evacuation of Monkey Around Play & Learn Centre building and requires steps to isolate the children and staff from danger by requiring everyone to remain inside the building. In all lockdowns, staff will establish communication with police, alert the Owners and provide a report as soon as possible. The Centre conducts lockdown practices monthly to familiarize the children with the proper procedures.

SMOKE FREE POLICY

The Smoke Free Policy is to help protect the health of all Ontarians by prohibiting smoking in all enclosed work places and public places. Under the Act, smoking is prohibited at all times in a Daycare location, whether or not children are present. This also includes the use of e-cigarettes and "vaping".

Monkey Around Play & Learn Centre will abide by the following Smoke Free Ontario Act.

health and safety regulations and municipal by-laws smoking and vaping (electronic cigarettes) is also not permitted on the premises

ALCOHOL CONSUMPTION AND/OR SUBSTANCE ABUSE

Should you or an authorized person arrive at the Centre to pick up your child while you or the authorized person is under the influence of alcohol or any other drug that has apparently affected your judgment, in the opinion of the staff member, the interest of your child (ren) will be of primary consideration

If you or the authorized person is driving, the staff member shall assist you or the authorized person to find an alternate means of transportation. In the case of a dispute, the caregiver will contact the local police to discharge any legal obligation the staff member may have under the law.
